Scheme for Implementation of Persons with Disabilities Act (SIPDA)

1.0 Introduction:

The Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995, is the omnibus legislation that deals with the rights and empowerment of persons with disabilities. The enactment of the law has reinforced the commitment of affirmative action and a resolve to empower the persons with disabilities and mainstream them in the society. The Act for the first time has legally endorsed their right to access to education and vocational training, employment, public transport and built environment, information and communication, and upholds their independence and dignity. The Act also treats disability as an issue of civil rights rather than a health or welfare issue. It recognizes that the primary issue faced by the persons with disabilities is their exclusion from the mainstream activities of the society and hence emphasizes full participation and equal opportunities. *The Government has enacted the Rights of Persons with Disabilities Act (RPwD), 2016 which has replaced the Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995 and came into force w.e.f. 19.04.2017.*

1.01 Department of Empowerment of Persons with Disabilities (Divyangjan), Ministry of Social Justice & Empowerment, Government of India, being the nodal Department, administers the RPwD Act and facilitates the process of development, integration and empowerment of persons with disabilities (PWDs) and oversees the implementation of the Act.

1.02 Implementation of the provisions of the RPwD Act is being undertaken with a multi-sectoral collaborative approach and all the related Ministries / Departments of the Central Government, the State Governments and other appropriate authorities take steps towards effective implementation of various provisions of the Act.

1.03 India is a signatory to United Nations Conventions on Right of Persons with Disabilities (UNCRPD). The Convention was ratified in India in October, 2007 and it came into effect from May, 2008. It casts responsibility on the State Party to streamline their law in line with the Convention. The Convention inter-alia provides for specific measures to ensure accessibility for PWDs to the physical environment, transportation, information and communications including information and communication technologies and to other facilities and services open or provided to the public both in urban and rural areas and also include measures such as identification and elimination of obstacles and barriers to accessibility. It is also obligatory on the part of the State Party to undertake measures for awareness raising, provision for reasonable accommodation i.e., modification and adjustment to ensure PWDs to

enjoy their rights on equal basis, to enhance personal mobility such as modification / retro fitment in vehicles, quality mobility aids / devices, promoting and facilitating use of sign language, braille and other accessible modes of communication, inclusive education, provision for support service to attain and maintain maximum independence of PwDs, enhance employability through skill development / vocational / professional rehabilitation. The Convention also envisages obligation on the State Party to take appropriate measures to ensure participation of PwDs in cultural life, recreation, leisure and sport activities on an equal basis with others.

1.04 The Scheme for Implementation of the Persons with Disabilities Act, 1995, was encoded in the Ninth Five Year Plan of the Ministry of Social Justice and Empowerment. Ministry has been Implementing the Scheme for Implementation of Persons with Disabilities Act, 1995 (SIPDA) for providing financial assistance for undertaking various activities outlined in the PwD Act. The Ministry has been releasing funds under the Scheme since 1999 based on the procedure / guidelines approved by the Ministry on year to year basis. 15.9 The Department of Empowerment of Persons with Disabilities may issue further guidelines in pursuance of aims and objectives of the Scheme for implementation of various provisions of RPwD Act.

APPENDIX-I

Skill Development for PwDs

1. Persons with disabilities in India face many challenges when looking to develop employable skills and in gaining meaningful employment. While India has ratified the United Nations Convention on the Rights of People with Disability (UNCRPD), persons with disabilities continue to face many difficulties in the labour market.
2. According to census 2011, there are 2.68 Crore Persons with Disabilities (PwDs) in India (1.50 crore male and 1.18 crore female PwDs). Even though, persons with disabilities constitute a significant percentage of the population of India, their need for meaningful employment largely remains unmet, in spite of implementation of "The Persons with Disabilities Act, 1995". In the overall population, the number of disabled is proportionately higher in rural areas, accentuated by general poverty considerations and poor access to health services. The rural disabled are significantly disconnected from skills and markets.
3. Improving vocational training and employment opportunities for persons with disabilities is a critical element for enhancing the quality of life for individual with disability, their families, but there are also substantial gains for the broader economy. There are substantial costs to individuals and to society associated with these poor employment outcomes for persons with disabilities. The World Bank considers that leaving persons with disabilities, outside the economy, translates into a foregone GDP of about 5% to 7%. In addition to the individual and family benefits, there is also a strong economic imperative to increased labour force participation which will help to address country's shortage of skilled labour force, while at the same time reducing fiscal pressures associated with welfare dependency.

4. The existing Skill Training Landscape for PwDs

- National Skill Development Corporation (NSDC).
- Vocational training courses offered by National Institutes of Department of Empowerment of Persons with Disabilities and its affiliate organisations like National Handicapped Finance and Development Corporation (NHFDC), National Trust etc.
- Ministry of Labour and Employment supervising more than 20 Vocational Rehabilitation Centres for Handicapped (VRCHs), more than 10,000 ITIs and more than 1000 Employment Exchanges.
- Technical and Vocational courses, being offered through Community colleges, IITs and Universities, affiliated with Ministry of Human Resources Development.
- NGOs focusing on vocational training and skill development.
- Private sector training organizations: Under the CSR initiative, many organizations have done exemplary work.
- Public Sector Undertakings have also contributed substantially to vocational

training of persons with disabilities.

- National Rural Livelihood Mission of Ministry of Rural Development.
- National Urban Livelihood Mission of Ministry of Urban Development.
- Vocational training / livelihood programs of other Central Govt. Ministries and State Governments.

5. The Big Gap

- According to the Census 2011, about 1.34 crores persons with disabilities are in the employable age of 15 to 59 years. About 99 lakh persons with disabilities in the employable age group were non-workers or are marginal workers.
- Persons with disabilities are among the poorest in the population.
- Urgent need to scale up the skill training infrastructure in view of the huge demand-supply gap.
- The training, being offered through various institutions / mechanisms is non-homogenous, lacks quality and is low on employability.
- Very low access of the present training infrastructure to the PwDs in rural areas.
- Low level of involvement of private sector in the skill training of PwDs.
- The skill training offered by various ministries / departments to the PwDs is fragmented or overlapping.

6. There is an imminent need for:

- Quality Vocational Training with high employability.
- Homogenous training curriculum & methodology.
- Use of latest technology in training, content generation and monitoring of training.
- Synergistic participation of the Private Sector and NGOs in the training and placement process.
- Targeted optimal use of CSR funds.

7. The National Action Plan for Skill Training of PwDs

A National Action Plan for Skilling the Persons with Disabilities has been prepared by the Department of Persons with Disabilities (Divyangjan) (DEPwD) with the following main components:-

A Project Monitoring Unit (PMU) has been set up in the Department of Empowerment of Persons with Disabilities. The PMU has the following components:

- Training need assessment unit
- Content Generation unit
- Training Monitoring and Certification unit
- Employer Connect unit
- IT Unit to provide support for creation of E-learning modules, monitoring of training, E-certification and training centres / creation and maintenance of a job portal.

8. The vocational / skill training would be provided by a network of skill training providers led by NGOs, private training institutions and Public Sector / Govt. Sector training institutions like VRCs. The vocational training would be provided by a cluster of training providers scattered over the country, having an established track record of providing skill training with high employability ratio. These training partners would be provided outcome based financial support by DEPwD and Ministry of Skill Development & Entrepreneurship (MSDE). Synergistic support would be provided to these training providers by the National Institutes of DEPwD, training institutions of Ministry of Human Resource Development, Ministry of Micro, Small & Medium Enterprises, other Central Ministries and State Governments.

9. A separate cross cutting Sector Skill Council for PwDs is being created in collaboration with Ministry of Skill Development & Entrepreneurship and the private sector. Rehabilitation Council of India (RCI), in consultation with the Sector skill council and various National Institutes of the DEPwD would help generate a homogenous course curriculum and certification mechanism for the training providers.

10. The Department would help these training providers by connecting them with various private sector organizations and PSUs for providing employment connect as well as for obtaining CSR support.

11. The Department will coordinate with State Governments to support proactively by offering infrastructure and resource support to these clusters of Vocational Training Providers.

12. The skill training will be provided by a network of more than 200 clusters of 'Training Partners ', thus setting a target of skilling about 500 PwDs in the first year for each of the cluster. The lead NGO may empower and take the help of small NGOs in the rural areas for the skill training but every such training centre will be monitored by the PMU. The network of training providers and capacity thereof will keep increasing every year.

13. Objective & Coverage

- a) The guidelines will cover Persons with Disabilities (PwDs) with not less than 40% disability and having a disability certificate to this effect issued by a competent medical authority.

APPENDIX-II

Accessible India Campaign

The Department has conceptualized the “Accessible India Campaign (Sugamya Bharat Abhiyan)” as a nation-wide flagship campaign for achieving universal accessibility to enable PwDs to gain access for equal opportunity and live independently and participate fully in all aspects of life in an inclusive society. The campaign targets at enhancing the accessibility of built environment, transport system and information & communication eco-system.

2. India is a signatory to the UN Convention on the Rights of Persons with Disabilities (UNCRPD). Article 9 of UNCRPD casts an obligation on all the signatory governments to take appropriate measures to ensure to persons with disabilities access, on an equal basis with others, to the physical environment, to transportation, to information and communications, including information and communications technologies and systems, and to other facilities and services open or provided to the public, both in urban and in rural areas. These measures, which shall include the identification and elimination of obstacles and barriers to accessibility, shall apply to, inter-alia :
 - a) Buildings, roads, transportation and other indoor and outdoor facilities, including schools, housing, medical facilities and workplaces;
 - b) Information, communications and other services, including electronic services and emergency services.
3. The Convention also mandates that all the Governments shall also take appropriate measures:
 - a) To develop, promulgate and monitor the implementation of minimum standards and guidelines for the accessibility of facilities and services open or provided to the public;
 - b) To ensure that private entities that offer facilities and services which are open or provided to the public take into account all aspects of accessibility for persons with disabilities;
 - c) To provide training for stakeholders on accessibility issues facing persons with disabilities;
 - d) To provide in buildings and other facilities open to the public signage in Braille and in easy to read and understand forms;
 - e) To provide forms of live assistance and intermediaries, including guidelines, readers and professional sign language interpreters, to facilitate accessibility to buildings and other facilities open to the public;
 - f) To promote other appropriate forms of assistance and support to persons with disabilities to ensure their access to information;
 - g) To promote access for persons with disabilities to new information and communications technologies and systems, including the Internet;

4 Governments at the High Level Inter Governmental Meeting organized by the Govt. of Republic of Korea adopted the ministerial declaration and Incheon Strategy to “Make the Right Real” for PwDs in Asia and Pacific. The Incheon Strategy provides the Asian and Pacific Region, and the world the first set of regionally agreed distinct – inclusive development goals. The Strategy comprises 10 goals, 27 targets and 62 indicators, which build on UNCRPD. Goal No. 3 of the Incheon Strategy mentions that access to the physical environment, public transportation, knowledge, information and communication is a precondition for persons with disabilities to fulfill their rights in an inclusive society. The accessibility of urban, rural and remote areas based on universal design increases safety and ease of use not only for persons with disabilities, but also for all other members of society.

5 The Rights of Persons with Disabilities Act, 2016 under Section 40 empowers the Government to lay down the standards of accessibility for the physical environment, transportation, information and communications, including appropriate technologies and systems, and other facilities and services provided to the public in urban and rural areas. Sections 41 & 42 of the Act, provide for accessibility in transport and information and communication technology respectively. Section 43 provides for measures to promote development, production and distribution of universally designed consumer products and accessories for general use for persons with disabilities. Section 44 prescribes mandatory observance of accessibility norms in buildings. Section 45 lays down time limit for making existing infrastructure and premises accessible & Section 46 lays down time limit for accessibility by service providers.

6 Built Environment Accessibility

- a) An accessible physical environment benefits everyone, not just persons with disabilities. Measures should be undertaken to eliminate obstacles and barriers to indoor and outdoor facilities including schools, medical facilities, and workplaces. These would include not only buildings, but also footpaths, curb cuts, and obstacles that block the flow of pedestrian traffic.
- b) An accessible government building is one, where a person with disabilities has no barrier in entering it and using all the facilities therein. This covers the built environment – services, steps and ramps, corridors, entry gates, emergency exits, parking – as well as indoor and outdoor facilities including lighting, signages, alarm systems and toilets.
- c) Identifying accessible buildings requires annual accessibility audits that determine if a building meets agreed upon standards. Once a building is deemed fully accessible, an annual audit is not necessary, but should be required for any proposed changes to the structure or systems contained therein. A full audit can then be done on a less frequent basis.

d) Standards of accessibility should be as consistent as possible with international standards, such as those of the ISO, taking into account the local context. In regards to the built environment, ISO 21542:2011, Building Construction – Accessibility and Usability of the Built Environment, delineates a set of requirements and recommendations concerning construction, assembly, components and fittings.

7 Transportation System Accessibility

a) Transportation is a vital component for independent living, and like others in society, PwDs rely on transportation facilities to move from one place to another. The term transportation covers a number of areas including air travel, buses, taxis, and trains.

b) An airport is accessible, if a person with a disability has no barrier in entering it, using all the facilities, and boarding and disembarking from airplanes. This covers the built environment – surfaces, steps and ramps, corridors, entry ways, emergency exists, parking – as well as indoor and outdoor facilities including lighting, signage, alarm systems and toilets.

c) Enhancing the proportion of accessible railway stations

d) Enhancing the proportion of accessible Public Transport.

8 Information and Communication Eco-System Accessibility

a) Access to information creates opportunities for everyone in society. Access to information refers to all information. People use information in many forms to make decisions about their daily lives. This can range from actions such as being able to read price tags, to physically enter a hall, to participate in an event, to read a pamphlet with healthcare information, to understand a train timetable, or to view webpages. No longer should societal barriers of infrastructure, and inaccessible formats stand in the way of obtaining and utilizing information in daily life.

b) Enhancing proportion of accessible and usable public documents and websites that meet internationally recognized accessibility standards.

c) Enhancing the pool of sign language interpreters.

d) Enhancing the proportion of daily captioning and sign-language interpretation of public television news programmes.

9 Accessibility is about giving equal access to everyone. Without being able to access the facilities and services found in the communities, persons with disabilities will never be fully included. Accessible India Campaign will seek cooperation of all Central Government Departments/Ministries and State Governments to seek “accessible police stations”, “accessible hospitals”, “accessible tourism”, and “accessible digital India” etc.

- 10 *The cost norms for accessible audits will be decided by the Department.*
- 11 The Department will seek help from NIC regarding accessibility audit of Govt. websites.
- 12 All the Panchayat Bhawans to be made persons with disabilities friendly and some budgeting may be provided from Panchayat funds for aids and appliances.
13. *Funds under AIC will also be utilized for the following activities:*
- i) *Setting up of a Management Information System (MIS) for processing / compilation of data under the scheme.*
 - ii) *Setting up & running of a Programme Management Unit under which technical experts would be hired for monitoring the progress under the scheme, coordination with States / UTs & Central Government Departments, physical verification and accessibility audit of buildings, public places, websites, airports, railway stations etc.*
 - iii) *Engagement of auditors for carrying out accessibility audit*
 - iv) *Engagement of Consultants for secretarial work*
 - v) *Work relating to Research and Evaluation*
 - vi) *Engagement of agency for making websites accessible.*
 - vii) *Organization of workshops / seminars / events etc. related to the campaign*
 - viii) *Contingency funds for making / retrofitting in 3 verticals as and when sudden requirement as requests from States / Ministries / Departments is received for technical / financial assistance/monitoring.*

Scheme for Awareness Generation and Publicity

1 Objectives

- a) To give wide publicity, including event based publicity etc. through electronic, print, film media, multimedia, to the schemes, programmes being run by the Department of Empowerment of Persons with Disabilities and other Central Ministries, State Governments etc. for the welfare of PwDs including their social, economic and educational empowerment.
- b) To create an enabling environment for social inclusion of the PwDs in all fields of life by providing equal opportunities, equity & social Justice and to ensure confidence building in the PwDs so that, they can realise their aspirations.
- c) To bring to the notice of all stake holders including PwDs and civil society about the legal rights of the PwDs as enshrined in the constitution, international conventions, PwD Act 1995 and subordinate legislation(s).
- d) To sensitize the employers and other similar groups on the special needs of the specially abled persons.
- e) To promote awareness and to sensitize society with focus on remote and rural areas, on causes leading to disability and prevention through early detection etc.
- f) To encourage volunteer action for ensuring effective implementation of the legal provisions and welfare schemes meant for the PwDs.
- g) To develop content for rehabilitation of different types of disabilities.
- h) To provide financial support for helplines.
- i) To provide financial support for effective grievance redressal.
- j) To extend financial support for National & International events organized by reputed organizations on disabilities.
- k) To create or to facilitate creation of facilities conducive to the recreation of PwDs which may include inter alia tourism, educative, medical religious tourism, sports, etc.
- l) to extend financial support for participation in the Community Radio Programmes / Scheme of the Ministry of I&B

- m) To promote activities for economic empowerment of PwDs like job fairs, campaigns, awareness on skill development etc.
- n) To support spreading awareness about universal accessibility by creating an enabling and barrier-free environment that include accessible buildings, accessible transport, accessible websites and carrying out accessibility audit.
- o) To promote individual excellence in the field of disability sector.
- p) To promote relevant activity / activities relating to creating awareness in the field of disability sector.

2 Approach and strategy

The approach of the scheme shall be:-

- a) To spread awareness through social networking.
- b) Maintenance of accessible website, etc.
- c) Conducting seminars, workshops, cultural activities, fairs, exhibitions etc. either directly or through socially active groups / organizations.
- d) Participation in national and international initiatives in the field of disability.
- e) Conducting studies, surveys, enumeration and evaluation programmes on the special needs of PwDs including availability of technology, assistive aids and appliances etc.
- f) Coordinating and consolidating efforts made in the field by different departments, organizations.
- g) Financial assistance to self-help groups, parents organizations etc. working for development of 'social good' and 'community welfare'.
- h) To support activities like showing of programmes exclusively prepared and performed by PwDs on TV, by bearing the cost involved on honoraria to performers, boarding, lodging and transportation and payments due to the electronic media
- i) Organizing special events, Celebration of special days etc.
- j) Lack of co-ordination between different service providers in the fields of health education, housing and equipments undermines their effectiveness. Ministries of Health, Education, Labour and Rural Development are also doing some work in the field of disability. For successful implementation of all such initiatives, an Inter-Ministerial Committee which may co-ordinate across organizations to improve distribution of services and referral system, promote joint ventures, joint negotiations, sharing

knowledge and expertise, sharing specialist educator, and disseminating system may be setup under the Department.

- k) Panchayati Raj Institution may be involved wherever expedient.
- l) To support awareness campaign for skill development & employment generation for PwDs including job fairs.
- m) To support spreading awareness about universal accessibility by creating an enabling and barrier-free environment that include accessible buildings, accessible transport, accessible websites and carrying out accessibility audit.
- n) To promote individual excellence in the field of disability sector.
- o) To promote relevant activity / activities relating to creating awareness in the field of disability sector.

3 Components admissible for assistance under the scheme

The government may conduct the following activities itself or invite applications from or consider proposals submitted suomoto by various organizations for conducting such activities under the logo of the Department of Empowerment of Persons with Disabilities.

I. Helpline

A helpline to be set up in Central / State Government Departments for online counselling of the PwDs on their rights, provisions of various schemes run by the Central Government Ministries / Departments, State Governments and other Organizations. Help Desk Centre for facilitation of PwDs for information dissemination, grievance facilitation, facilitation for economic empowerment, etc. The helpline may be maintained and operated through a BPO / NGO. Since running of a helpline or Social media campaign requires recurring cost, approval of recurring cost has to be reviewed every year.

In the long run, the helpline shall also assist the PwDs in redressal of grievances of PwDs by lodging complaints and / or registering their grievance which may be forwarded by the BPO to the concerned authorities.

II. Content Development, Publications & New Media

The Department of Empowerment of Persons with Disabilities will bring out Publications, pamphlets, hand outs considered relevant for generation of awareness amongst the PwDs, the Civil Society and other stake holders. The print material may include important data on disability, various initiatives and schemes run by various Ministries / Departments / States / Organizations for the Welfare of the PwDs; materials on causes, prevention, diagnostics; availability of treatment and rehabilitation services; material on technologies, expertise, adaptive research to develop cost effective, user friendly and durable aids, etc.,

For the above purpose all available platforms of publicity including new media in print, electronic / digital, audio / video, Braile, Sign Language etc. formats shall be used.

The Government may also consider:-

- a) Annual prize for the best published material / book on disability.
- b) A periodical magazine, say bi-monthly (once in two months) to be published by a separate cell in the Department in which contributions from various individuals, organizations about their success stories, literary material, current activities concerning PwDs etc. can be published.
- c) Dedicated disability surveys to gain comprehensive information on disability characteristics such as prevalence, health conditions associated with disability, the use and need for services including rehabilitation would be necessary. Such surveys can be got done through organisations working in the field of disability and health.
- d) Constituting study group to compile a compendium of best practices for World-wide circulation.

III. Events

The Government may organize National Events, participate in the International Initiatives or support various event organized by NGOs or Self-help groups or promote individual excellence in the field of disability sector or support such programmes as may be organized by them in various regions. The estimated annual expenditure on such events shall be as follows:

- (a) Programmes organized by the Department at National Level including National Awards and Samarth etc.

All costs involved in such celebrations. The programmes may include organizing competitions and giving prizes; stage performances for public viewing; organising exhibitions of paintings by PwDs and products created by PwDs, film festivals etc. Programmes may also be organised by Central / State Govts. for awareness generation and campaigns for skill development & employment generation of PwDs for their economic empowerment such as job fairs, skill orientation, job counselling, etc. Accessibility or any other event or campaign that the Central &State Govt. may like to take up in the interest of PwDs.

- (b) International events

The preamble to CRPD acknowledges that disability is an evolving concept but also stresses that disability results from the interaction between persons with impairments and attitudinal and environmental barriers that hinder their full and effective partnership in society on an equal basis with others.

Negative attitudes towards disability can result in negative treatment of people with disabilities; they have an adverse effect on children and adults with disabilities, leading to negative consequences such as low self-esteem and reduced participation. People who feel

harassed because of their disability sometimes avoid going to places, changing their routines, or even moving from their homes.

Stigma and discrimination can be combated, through social marketing. Holding of conferences, seminars etc. with a view to draw strategies to combat the stigma can go a long way.

(c) NGO Programmes:

Under the scheme grants for awareness generation by interpersonal communication, street plays, film shows, road shows, etc. may be considered for self-help and advocacy groups, involvement of parents and community mobilization for bringing about a change in social attitude towards disability; providing individual or group based educational, psychological and emotional, support services for persons with disability and their families.

The underline theme for such activities shall be that universally, institutional based services have had limited success in promoting independence and social relationship. Where community services exist, the PwDs lack choice and control over them. Disabled persons often see relationship with professionals as unequal and patronizing. Such relationships also lead to an unwanted dependency. A collaborative effort through disability rights organizations, community based rehabilitation organizations, self-advocacy groups or other collective networks can enable individuals with disabilities to identify their needs. Funds under the scheme can be made available for the organizations involved both in economic activities like health and rehabilitation services, labour market programmes, vocational training, educational, disability social insurance benefit, social assistance, disability benefit, providing assistive devices, subsidized access to transport, subsidized utility, support services including sign language interpreter. Non-economic activities including social isolation, stress management etc. which are difficult to quantify may also be funded under the scheme. Programmes for economic empowerment of PwDs may be taken up by NGOs like job fairs, job counselling, etc. Spreading awareness about universal accessibility by creating an enabling and barrier-free environment that include accessible buildings, accessible transport, accessible websites and carrying out accessibility audit, and running media / social media campaign for Skill Development or promotion of Accessibility.

(d) State / District Level Programme Organized by the above organizations

IV. Volunteer Service / Out-reach programme for sensitizing, Commercial Establishments and employers

The focus so far has been on public sector and corporate sector activities for socio-economic empowerment of PwDs. Private sector, especially shops and small commercial establishments have a vast potential to absorb such persons as employees. The idea of 'each one take one' can be implemented by sensitising small establishments through volunteers or incentivisation of employers. Area wise / market wise publicity campaigns can be initiated through volunteers.

V. Recreation and Tourism

Recreation, travel, and outings, be it for relaxation, change, treatment, psycho-religious relief or education have a proven effect on the psychology of human beings to which PwDs can be no exception. Travel and Tourism lead to exposure and thus enlightenment about the world around. Further, sporting and abilympics activities also promote talent and skill among PwDs which are to be supported through events, awareness campaign etc. In this context Institutions / NGOs promoting the following facilities will also be eligible for grants under the scheme to the extent mentioned below:

- (i). Identification of tourist and other spots / destinations, the environment which may benefit the persons with intellectual impairments and taking groups for excursion to such places.
- (ii). Identification of places, other than regular hospitals, where persons with any type of disability can have therapeutic / treatment benefits or solace; and planning packages for the purpose.
- (iii). Identification or Development of Centres where PwDs can get first-hand information / insight about their potentials with or without the use of assistive devices.
- (iv). Making above destinations accessible.
- (v). Creating re-creation facility like music, reading, drawing painting, sports etc.

VI. Participation in Community Radio:

NGOs, advocacy groups owning and / or operating Community Radio Stations and other not for profit organizations participating in production of programmes leading to social empowerment of PwDs and generating awareness amongst PwDs would be eligible for financial assistance under the scheme as may be decided by the Committee in conformity with the scheme guidelines issued by the M/o Information & Broadcasting.

VII. Press / Media tours and other media specific activities

The activity will include press / media tours, media workshop and other specific media activities including sensitizing the media for the cause of the PwDs. This will *inter alia* include State Government publicity units. Song and Drama Division, Department of Film Publicity of DAVP can be made use of for this purpose.

VIII. Brand Ambassador

The Government may consider appointing a Brand Ambassador with a view to catalyze the whole activity under the scheme.

Scheme of In-Service Training and Sensitization of key functionaries of Central & State Governments, Local Bodies & Other Service Providers

1. Introduction

1.1 This is regarding introduction of the proposed Central Sector Scheme of In-Service Training and Sensitization of key functionaries of Central & State Governments, Local Bodies & Other Service Providers. An outlay of Rs.20.00 crores was made for the said Scheme in the XIVth Five Year Plan of the Department.

1.2 According to Census 2011, there are 2.68 crores persons with disabilities in the country, this includes persons with visual, hearing, speech locomotor and mental disabilities.

2. Rights of Persons with Disabilities Act, 2016

2.1 This is the main Act concerning disability issues in the country.

2.2. Rights of Persons with Disabilities Act, 2016 came into force with effect from 17th April, 2016 and are the basic legislation that deals with the rights and empowerment of persons with disabilities.

2.3 As per Right of Persons with Disabilities Act, 2016 “person with disability” means a person with long term physical, mental, intellectual or sensory impairment which, in interaction with barriers, hinders his full and effective participation in society equally with others. It defines persons with disability as those who have a minimum disability of 40% as certified by a medical authority. It provides for education, rehabilitation, employment, non-discrimination and social security for Persons with Disabilities.

National Policy Statement

The National Policy recognizes that Persons with Disabilities are valuable human resource for the country and seeks to create an environment that provides them equal opportunities, protection of their rights and full participation in society. One of the focus of the policy is on Human Resource Development.

Human Resource Development

According to National Policy Statement, the manpower will be developed in the following areas:

- 1) Training of primary level workers both in health care and in community development comprising of Aanganwadi workers, Auxiliary Nurses (Midwives) etc.
 - i. Support for training and orientation of personnel of Government and NGOs providing services.
 - ii. Training and sensitization of community decision makers such as members of Panchayats, head of families etc.
 - iii. Training and orientation of family members as caregivers.

Human resources will be trained to meet the requirement of education for children with disabilities under inclusive education, special education, home-based education, pre-school education etc. The following training programmes of different specialization and levels shall be developed:

- 1) Training modules for teachers for inclusive education.
- 2) Diploma, degree and high level programmes in special education
- 3) Training of caregivers for home-based education and care services for persons with disabilities / senior citizens etc.

3. Requirement for a Scheme for In-Service Training and Sensitization of key functionaries of Central & State Governments, Local Bodies & Other Service Providers.

(i) The Working Group on Delivery Processes and Mechanism for empowerment of PwDs for XIVth Plan recognized inadequate awareness and sensitivity amongst various stakeholders as a major challenge. One of the aspects dealt in the report inter-alia was training and sensitization of key functionaries in the Government sector and other service providers for achieving the objective of empowerment of persons with disabilities and especially the above scheme. The observations are as follows:

"There is an urgent need to train and sensitize Medical Officers of PHCs / CHCs and District Govt Hospitals, rehab professionals, and other key functionaries of the Central, State, Local Bodies and other Service Providers on a regular basis on disability related matters through State / District / Block level workshops".

(ii) In-service training is needed to create awareness about the rights and entitlements of PwDs, provisions in various schemes, developmental programmes, ways and means to access their specific entitlements and that they are entitled to as equal citizens. Awareness is required for the key functionaries responsible for implementation of Schemes / Programmes in Governments. One of the goals is to increase sensitization and awareness levels and capacity building of key Govt. functionaries especially those who are involved in the

implementation of schemes and programmes and delivery of services. This is envisaged to be achieved by organizing training programmes through workshops at State / District / Block level on regular basis.

(iii) Obligations arising out of UNCRDP

India is a signatory to UNCRPD. Several obligations have been enumerated which are to be adhered to by all the countries. One of the stipulations of Article 4 of UNCRPD states that :

"State Parties undertake to ensure and promote the full realization of all human rights and fundamental freedoms for all persons with disabilities without discrimination of any kind on the basis of disability. To this end, State Parties undertake:

To promote the training of professionals and staff working with persons with disabilities in the rights recognized in this Convention so as to better provide the assistance and services guaranteed by those rights".

(iv) It is the need of the hour to impart training to key functionaries, who are responsible for policy making and those at the operative level, abreast of the latest developments so as to ensure equal rights, social and economic justice and empowerment to all. This Scheme is specially designed for the key functionaries of Central / State Govts. / Local Bodies and other Service providers connected with disability sector, keeping in mind their professional needs.

(v) Training, both at the time of induction to any organized job and thereafter at a regular interval, to update the employee is fundamental for the success of both individual and organization. The disability rehabilitation is being a new and recognized now as development issue, PwDs as human resource, focus of rehabilitation services has shifted from charity / welfare to Rights based / empowerment and NGOs as Social Entrepreneurs / NP, an in-depth training of officials engaged in disability rehabilitation itself, besides others is need of the hour.

(vi) In the past there have been schemes / project (DRC/NPRPD) launched, but the desired success from these schemes / projects was not achieved and programs did not sustain long. One of the reasons perhaps was that the functionaries were not exposed to the practicalities of the situations and required training was not imparted / continued to update the functionaries. Therefore, all stakeholders dealing with disability sector needs to be given exposure / sensitization and training at different level.

(vi) The National Institutes under the Department having mandate of HRD are more confined to professional training and leave behind the other groups (except occasional training under their short term training). Further, there is lack of co-ordination amongst them w.r.t. training. It is therefore, a new Scheme on Training of key functionaries has been envisaged in the XIVth

Five Year Plan of Deptt. of Empowerment of Persons with Disabilities, Ministry of Social Justice and Empowerment and a budget of Rs.20.00 crores has been earmarked.

4. Objectives to be achieved

- (i) The objective of the Scheme is to train and sensitize key functionaries of the Central / State Govts. / Local Bodies and other Service Providers on a regular basis on disability related matters through State / District / Block level workshops. The workshops will aim to raise the awareness among employees and peer groups about capabilities of persons with disabilities and how we can work together to create an inclusive environment etc work place.
- (ii) To ensure enlightened, efficient and committed key functionaries to further the cause of empowerment of PwDs.
- (iii) To create awareness about disability related legislations, development programmes, schemes and programmes for the benefits of PwDs, rehabilitation and referral services amongst the various stakeholders namely, In-service officials of Central and State Govts, local bodies and other service providers.
- (iv) To provide in-service training on some important skills like sign language, Braille etc.
- (v) To create awareness and sensitize towards prevention, early identification, intervention, rehabilitation and mainstreaming of persons with disabilities.
- (vi) To obtain feedback about the quality of delivery of the Schemes / Programmes of Govt.
- (vii) The outcome of the Scheme will be Human Resource Development through skills enhancement with a view to effect efficiency, effectiveness and economy in jobs assigned to them.
- (viii) The training programmes are meant to sensitize the Officers to new and important issues facing the disability sector in the changing social and economic scenario. The objective of the Scheme is to focus on the demand-driven training of key functionaries dealing with disability sector which will be conducted in close co-ordination with the Administrative training Institutes.

5. Scope of the project:

- (i) The Scheme proposes to train approx 30,000 key functionaries (approx 10,000 each year for a period of three years) of the certain Central, State Govts, Local Bodies (Panchayats and Municipalities) and other service providers connected with the disability sector.
- (ii) Seminars / Workshops for three days will be conducted at National / State / District / Block level.

- (iii) It is proposed to impart training through administrative institutes of Central and State Govt.
- (iv) Training modules / courses with detailed syllabus will be prepared by Rehabilitation Council of India in consultation with National Institutes /of the Department.
- (v) The expenditure to be incurred on per trainee is approx.Rs.6500. However, this is suggestive cost. Rates / Cost of per trainee would be fixed keeping in view the prevalent rates at Centre and States, in consultation with RCI. The general guidelines for admissible activities and norms of expenditure will be formulated for the purpose of funding the training Institutes.
- (vi) Rehabilitation Council of India will be the nodal agency.

INCENTIVE SCHEME FOR PROVIDING EMPLOYMENT TO PERSONS WITH DISABILITIES (PwDs) IN THE PRIVATE SECTOR

1. Background

To encourage Private Sector to Employ Persons with Disabilities, a scheme of incentives to the employers in private sector for providing employment to PwD was announced by the then Finance Minister in his Budget speech of Financial Year 2007-08.

Pursuant to this announcement, the M/o Social Justice & Empowerment launched a Scheme for the Employers in the Private Sector, which envisages payment of employers contribution to the EPF and ESI by the Government for the first three years for employing PwDs with monthly wages up to Rs. 25,000/-.

After introduction of the Scheme, wide publicity was given to it through the print and other media. All Chief Ministers were requested to publicize the scheme and closely monitor its implementation.

FICCI organized a Conference of Employers at New Delhi on 17.10.2008 to disseminate information about the Scheme, which was addressed by the then Finance Minister. This was followed by State level meetings at Hyderabad, Kolkata and Jaipur.

The incentive scheme is basically voluntary in nature. Wide publicity has been given by the Ministry as well as EPFO & ESIC about the scheme. An amount of Rs. 3.00 crores had been released for publicity of the scheme to EPFO and ESIC from 2008-09 onwards.

Even though wide publicity was given to the Scheme through print and other media, the achievement so far had not been significant. The beneficiaries have been mainly in the states of Andhra Pradesh, Gujarat, Karnataka, Maharashtra, Tamil Nadu and Delhi while in other States there was either no coverage or very low coverage.

Despite wide publicity, and monitoring of Implementation of the scheme by a high level monitoring committee, the scheme has not picked up. Therefore, in order to avail the benefits under the scheme, it is essential that not only the scheme is made more attractive for the private sector but also to address the issues relating to employability and availability of skilled manpower.

A Task Force headed by Additional Secretary, Ministry of Labour was set up to assess the reasons for low response and to suggest measures to make it more attractive to the employers

and other allied issues. The Task Force submitted its Report in August 2012 and made certain recommendations.

2. Some of the reasons of low response to Incentive Scheme as highlighted were as follows:

- a) Reimbursement of employer's share of contribution was for 3 yrs only.
- b) Existing limit on wage was upto Rs. 25000/- only under the Scheme.
- c) The corresponding administrative charges of 1.1% being paid by the employers.
- d) Absence of any tax incentive to the employers.
- e) Cumbersome method of reimbursement of employer's contribution.
- f) Skill of the PwDs are not matching with the needs of the private sector.
- g) Employment of PwDs in the private sector is not mandatory.

3. The issue has been under consideration in the Department of Empowerment of Persons with Disabilities (DEPwD) and based on the inputs / discussions held with different stakeholders, the modifications suggested in the scheme are as follows:

4. **Revised Incentive Scheme for providing employment to PwDs in the Private Sector**

- a) The employers need not deposit the EPF / ESI contribution in respect of their PwD employees. The employers just need to intimate the EPFO / ESIC regarding appointments made by them and furnish employee's contribution to EPFO / ESIC. The employer's contribution shall be deposited to the respective accounts of PwD employees by EPFO and ESIC. DEPwD shall make payment to EPFO / ESIC in advance.
- b) The scheme will be applicable to all persons with disabilities employed in the private sector irrespective of any salary / wage ceiling.
- c) The administrative charges applicable on EPF/ESI contribution (*at the extant rates*) shall be borne by the DEPwD.
- d) The Government shall pay the employers contribution to EPFO & ESIC for 10 yrs.
- e) One-third of the gratuity amount due and admissible to PwD employees which is required to be paid by the employers under the applicable provisions of the Gratuity Act, shall be borne by the DEPwD.

- f) In case a private employer engages PwDs as apprentices in a particular trade and employ them on completion of the apprenticeship period, the stipend during the apprenticeship period payable to the PwD shall be borne by the DEPwD.
- g) There shall be adequate budget provision in the scheme for:-
 - (i) Sensitising the industry associations like FICCI, ASSOCHAM, CII etc. about the provisions of the scheme.
 - (ii) Organising seminars / workshops with the HR heads / managers of the corporate bodies to sensitise them about the scheme and also to motivate them to employ PwDs in their organisations.
 - (iii) Adequate publicity of the scheme through electronic and print media, social media and publication of leaflets, brochures etc.
 - (iv) Organising job-fairs at various parts of the country from time to time.
- h) The Department shall make a suitable proposal by inviting opinion of tax consultants and referred if for consideration of Ministry of Finance, so that suitable tax relief can be given to private employers as an incentive for providing employment to persons with disabilities.

5. Monitoring of the scheme

In order to monitor the implementation of the Scheme, a high level Committee would be constituted. The composition of the committee will be as follows:

- (a) Secretary, DEPwD – Chairman.
- (b) Director General Emp. & Trg., M/Labour & Employment – Member
- (c) Chief Provident Fund Commissioner of EPFO – Member.
- (d) Commissioner, Employees State Insurance Corporation – Member
- (e) Joint Secretary & Financial Advisor in charge of DEPwD,
- (f) The Committee would invite employees bodies like ASSOCHAM, CII etc. as special invites or expert groups,
- (g) Joint Secretary concerned in DEPwD – Member Secretary.
- (h) Representatives of 5 State Governments

The Committee would meet periodically, as per requirement, with a minimum sitting of once in a quarter and consider various issues necessary for the smooth functioning of the schemes.

6. The implementing agencies including EPFO and ESIC would send a quarterly return to the DEPWD containing details of beneficiaries and utilization of funds. The return would be placed before the High Level Committee referred to above.

7. Administrative Expenditure: A provision of 3% of total budget under the scheme would be kept as administrative expenditure of the scheme to take care of expenses likely to be incurred to implement the scheme like engagement of contractual staff, conduct of periodical meetings etc.

8. Any litigation on matters arising out of this scheme will be subject to sole jurisdiction of the courts situated in National Capital Territory of Delhi.

9. The revised scheme will be reviewed every three years

10. The revised scheme will be effective from 1st April, 2016.

Appendix-VII

ESTABLISHMENT OF DISTRICT DISABILITY REHABILITATION CENTRES IN THE IDENTIFIED DISTRICTS

1. Background

During 1985-1990, District Resource Centres (DRCs) started as an outreach activity of the National Institutes/ALIMCO under the Ministry of Social Justice and Empowerment for providing comprehensive services to the persons with disabilities at the grass root level and for facilitating creation of the infrastructure and capacity building at the district level for awareness generation, rehabilitation and training of rehabilitation professionals.

From the year 1999-2000, the District Disability Rehabilitation Centres (DDRCs) were established with active support from the State Governments. While the National Institutes/ALIMCO/DRCs facilitated establishment through technical inputs and funds for 3 years, the State Governments provided a barrier free building and supervised and facilitated convergence of its activities with the State schemes through District Management Team headed by Collector. At that time it was planned to hand over these centres to the district administration after a period of 3 years, but as States were not inclined to take over on account of meeting the funding from their own resources, the funding of the Scheme was shifted under Scheme for Implementation of Provisions of Persons with Disabilities Act (SIPDA)/Deendayal Disabled Rehabilitation Scheme (DDRS). From 2018-19, the funding of the Scheme will be under Scheme for Implementation of Rights of Persons with Disabilities Act (SIPDA).

The District Disability Rehabilitation Centres are now set up and funded under the Plan Scheme “Scheme for Implementation of Rights of Persons with Disabilities Act, 2016 (SIPDA)” - an umbrella scheme under which grants-in-aid are provided to State Governments and various other bodies, set up by the Central and State Governments, including Autonomous Bodies and Universities, to support activities.

2. Objectives of setting up of DDRC

Setting up of District Disability Rehabilitation Centres (DDRCs) which would provide rehabilitative support to persons with disabilities through

- ❖ Survey & identification of persons with disabilities through camp approach; facilitation of disability certificate, bus passes and other concession/facilities for persons with disabilities; assisting in the issue of Unique Disability Identity Card (UDID) to divyangjan in the District;
- ❖ Awareness Generation for encouraging and enhancing prevention of disabilities, early detection and intervention as well as maintaining data of organizations working for the empowerment of persons with disabilities in the district etc..
- ❖ Early Intervention and facilitating Insurance Schemes launched by the National Trust/Department for Divyangjan;

- ❖ Assessment of need of assistive devices, provision/fitment of assistive devices, follow up/repair of assistive devices, assisting the ADIP/ALMICO camps for distribution of aids and assistive devices in the district;
- ❖ Therapeutic Services e.g. Physiotherapy, Occupational Therapy, Speech Therapy etc.;
- ❖ Referral and arrangement of surgical correction through Govt. & Charitable institutes;
- ❖ Arrangement of loans for self employment, through banks & other financial institutions;
- ❖ Counseling of persons with disabilities, their parents & family members;
- ❖ Promotion of barrier free environment and to play an active role in the Accessible India campaign of the department;
- ❖ To provide supportive and complimentary services to promote education, assisting students with disabilities for availing Scholarship Schemes of the Department, vocational training/ Skill Training of eligible Divangan and employment for persons with disabilities through:-
 - Providing orientation training to teachers, community and families,
 - Providing training to persons with disabilities for early motivation and early stimulation for education, vocational training and employment.
 - Identifying suitable vocations for persons with disabilities, keeping in view local resources and designing and providing vocational training and identifying suitable jobs, so as to make them economically independent.
- ❖ Provide referral services for existing educational training, vocational institutions and to act as Outreach centre for the services provided by the National Institutes.

3. Disabilities under the Rights of Persons with Disabilities Act, 2016:

List of disabilities notified under the aforesaid Act are at *Annexure I*. Guidelines to determine the %age of disability are available on the portal of this Department.

4. (i) Identified Districts approved for setting up of DDRCs

310 identified districts have been approved for setting up of DDRCs under the scheme of the Department across the country. List of districts identified and DDRCs set up is at *Annexure II(a)*. In addition to these districts, States may approve DDRCs for remaining districts on the same pattern or otherwise but such DDRCs have to be funded under their own budget by the States. The left wing extremism affected districts notified by the Ministry of Home Affairs is at *Annexure II(B)*.

Each DDRC may also look after and provide rehabilitation services to persons with disabilities of the adjoining/neighbouring district if that district is not having a DDRC.

(ii) Procedure for formation of DDRC:

(a). Formation of the District Management Team(DMT):

Each DDRC is to be run under the supervision of a District Management Team headed by the District Collector and also to include district officials from Social Welfare, Health, Panchayati Raj, Women & Child Welfare Departments, nodal officer from implementing agency and representative from reputed NGOs/ public representatives for better coordination and monitoring. The State Government may notify the constitution of the DMT under the Chairmanship of District Collector. This team will also be the custodian of the assets of the DDRC.

Important functions of the DMT are as follows:

- Selection of registered implementing agencies
- Selection/Deployment of Manpower and finalizing their engagement conditions
- Monitoring, coordination of activities of DDRC,
- Convergence with other activities in the district relating to rehabilitation of Divyangjan.
- Security of assets of DDRC and material received under ADIP scheme of the Department, if any.
- The District Management Team may meet once in a month but not less than 4 times in a year.

(b). Coordination – Nodal officer (DDRO)

To facilitate better coordination, a nodal officer i.e., District Disability Rehabilitation Officer (DDRO) be identified among the district officials included in the DMT to monitor and coordinate the activities of DDRC.

DDRO will be responsible for coordination, management and administration of DDRCs on a day to day basis and will be paid honorarium @ Rs. 2000 p.m.

(iii) Identification of suitable Implementing Agency by DMT for running DDRC:

The implementing agency should preferably be

i) a Red Cross Society

or

ii) any such autonomous /semi-autonomous bodies of State Govt.

or

iii) a reputed NGO with a good track record who should be capable of managing the DDRC right from its inception.

The functional District Red Cross Societies/registered agencies of State Health Department should be given priority over other NGOs. The DMT through local publicity could

call for proposals from the interested registered organizations and then identify the most appropriate among them.

In addition to the existing mechanism, States may consider to set up a State level body/Society under the extant law to have branches in each district to run the DDRC (as implementing agency) effectively.

(iv) Accommodation for DDRC:

The District authorities should identify and allocate suitable rent-free accommodation for setting up of DDRC. The building should preferably be barrier-free and easily approachable by the disabled in addition to having electricity and water facility.

Minimum space required is 400 sqm approx.

In case of non-availability of rent free accommodation, suitable premises may be hired on rent as per the prescribed limits. The maintenance charges for the premises (rented or otherwise) will be met from the amount prescribed under the contingencies head of the grant.

(v). Staff for DDRC:

a) Implementing agency of DDRC to engage staff on contract

Each DDRC may have a maximum of **12 staff members** having specified qualifications, who are paid fixed honorarium as per prescribed norms. The rehabilitation professionals should preferably be registered with Rehabilitation Council of India (RCI). The Scheme does not envisage creation of permanent posts, and staff has to be appointed on honorarium/contractual basis by the Implementing Agency/DMT as far as possible through the local resources in order of priority:-

- Existing professionals of Govt./District hospitals on honorary basis
- Existing professionals of Govt./District hospitals on payment of token honorarium
- Professionals and others on purely contractual basis.

b) The District Management Team (DMT) is authorized to adopt any of the above options as per the requirement as well as to recommend amount of token honorarium as per norms of the State Government.

c) The State Government may suitably supplement the honorarium and other requirements of the DDRCs for undertaking their various activities in an effective manner. State Govt. needs to issue necessary instructions and guidelines to the DMT regarding advance action, so that personnel are appointed as soon as the DDRC is sanctioned

(vi). Admissible manpower, amount of Honorarium and admissible grant

(a) Each DDRC may have the following manpower with fixed honorarium and predetermined qualifications to be engaged on contract basis. The rehabilitation professionals should preferably be registered with Rehabilitation Council of India (RCI). The service conditions of the staff of the DDRC will be the responsibility of the Implementing Agency and not of the central Government.

S. No	Posts & qualifications	Honorarium after using multiplication factor of 2.50 (Rs)	20% higher amount of honorarium for DDRCs in the specified areas/States as per note below.
1	Clinical Psychologist (M.Phil in clinical Psychology/MA in Psychology preferably with 2 years experience in the field of disability rehabilitation)	20500	24600
2	Sr Physiotherapist/Occupational Therapist (Post Graduate in related field with 5 years experience	20500	24600
3	Orthopedically Handicapped Sr. Prosthetist/Orthotist - Degree in Prosthetic and Orthotic preferably from National Institute with 5 yrs experience or a diploma in Prosthetic & Orthotic with 6 years experience.	20500	24600
4	Prosthetist/Orthotist technician ITI trained with 2/3 years experience	14500	17400
5	Sr Speech Therapist/Audiologist (Post graduate in related field/B.Sc (Speech & Hearing)	20500	24600
6	Hearing Assistant/Junior Speech Therapist - Diploma in Speech & Hearing with knowledge of hearing aids repair/ear mould making	14500	17400
7.	Mobility Instructor - Matriculation + Certificate/ Diploma in Mobility	14500	17400
8.	Multipurpose Rehabilitation Worker (10+2 with diploma in CBR/MRW course or one year diploma course in early childhood special education with two years of experience)	14500	17400
9.	Accountant cum clerk cum storekeeper (B.Com/SAS with 2 years experience)	14500	17400
10	Attendant cum Peon cum Messenger (VIII class Pass)	9500	11400
11	Field & Publicity Assistant. (Graduate)	14500	17400
12	Vocational Counselor cum Computer Assistant (Graduate)	14500	17400

Note:-

- i) Honoraria to the Rehabilitation professionals of DDRCs located in North-Eastern States, Andaman & Nicobar Islands, Lakshadweep, Puducherry, Daman & Diu, Jammu & Kashmir and Himachal Pradesh, Uttrakhand, Left Wing Extremism affected areas as well as the districts of any State adjoining the international borders of the country shall be entitled to 20% more than the honoraria prescribed in respect of the DDRCs of the rest of the country.

- ii) The DDRCs are proposed to be set up in identified districts where it may be difficult to find staff with matching qualification initially. Hence, in case qualified rehabilitation professionals are not available for a while, until such professionals become available, DMT may recruit persons having lower qualification. However, non technical persons should not be appointed against technical manpower.
- iii) DDRO/Nodal officer (One of the district officials included in the DMT to monitor & coordinate the activities of the DDRC) will be given Rs. 2000/- p.m. as honorarium.

(b) Admissible grant in aid

The break-up of recurring and non-recurring expenditure in respect of One DDRC under the SIRPDA is as follows:

(Rupees in lakhs)

Items	General States per annum	For special States/areas -20% additional
Total Honorarium	23.40	28.08
Office Expenses/contingencies	05.25	05.25
Equipments (for 1 st year only)	20.00	20.00
Total for 1st year	48.65	53.33
Total for 2 nd year	28.65	33.33
Total for 3 rd year	28.65	33.33

5(i) Funding under arrangement under the scheme

DDRCs would be funded under the “Scheme for the implementation of Rights of Persons with Disabilities Act, 2016 (SIRPDA). Online proposals may continue to be submitted in the DDRS Scheme on the portal till a separate portal is made for the purpose.

(ii) Submission of Proposal for grant in aid

Proposal for grant-in-aid may be sent by District Magistrate/Collector with the recommendation during the first quarter of every year (*as at Annexure III*). Release of grant will be made on the basis of estimates submitted by the DDRC for the year with the recommendation of DM/Collector. Remaining admissible grant may be released on receipt of State Govt. Recommendation & audited accounts & utilization certificate in respect of previous instalment/grant.

(iii) Norms relating to financial management

All transactions/payments under all Central Sector Schemes will be covered under Public Financial Management System (PFMS). All the NGOs/VOS seeking Grant-in-Aid have to

mandatorily use Expenditure, Advance and Transfer (EAT) module of PFMS for disbursing funds received from Government of India.

- (a) In the cases where Central Financial Assistance (CFA) has been sanctioned, the grant will be released in one instalment upon the Grantee Institutions/ Organisation providing complete evidence of achieving the specified objectives and expenditure incurred supported by Audited Statement of Expenditure.
- (b) The Implementing Agencies of DDRCs seeking Grant-in-Aid under the scheme must register themselves in the NITI Aayog portal (NGO-Darpan) portal and obtain Unique ID of NGO-Darpan before applying for Grant under the scheme.
- (c) In addition to the existing guidelines/procedures, any other guideline, instruction which may be issued subsequently including clarification or simplification, addition or deletion shall be incorporated in the scheme by the department with the approval of Secretary of the Department.

(iv) Financial Arrangements to be followed by DDRC

(a) Maintenance of Project Accounts by DDRC

Funding of Honorarium to staff members of the DDRC and the requisite equipment for the DDRC is provided under the SIRPDA scheme only while materials for fabrication and aids and appliances funds are provided under ADIP scheme, therefore separate accounts be maintained and submitted with the respective proposals.

(b) Opening of Bank account in the name of DDRC

A bank account in the name of DDRC to be opened and to be operated jointly by *an Officer nominated by District Magistrate/Collector from the DMT and other official authorized by the implementing agency for the receipt of grants and meeting expenditure.* The decision in this regard could be taken by DMT, based on the implementing agency identified for DDRCs.

(c) Maintenance of accounts

Proper account for the expenditure on supporting activities will be maintained by each implementing agency *under the overall guidance & supervision of DDRO.* In addition to the procedures already being followed for suitable account keeping, it must be ensured that: Each implementing agency will maintain a separate account for each of their DDRC. Nodal officers in each of the districts will submit half-yearly accounts on programme activities to the Department.

- (d) Proposal for grant in aid for staff honorarium etc. under SIRPDA scheme to be submitted with DM recommendation during the first quarter of the financial year. Grant in aid upto 75% of the estimated expenditure for the year may be released as 1st instalment. Remaining admissible grant may be released on receipt of State Govt. Recommendation & audited accounts & utilization certificate in respect of previous instalment/grant.
- (e) Proposal for grant in aid be submitted with prescribed documents 'on line' i.e. 'e-Anudaan' portal of the Department.

6. (i) Role of State Government

- (a) State Governments are expected to play a more pro-active role in the effective working of DDRCs. In order to ensure greater involvement of State/District Administration, the State Government may suitably supplement the honorarium and other requirements of the DDRCs for undertaking their various activities in an effective manner.
- (b) State Governments may authorize District Collectors in their capacity as Chairperson of DMT, to make minor modifications for effective functioning of DDRCs, considering the ground realities within the broad stipulation of the DDRC Scheme.
- (c) State Government may also authorize the District Collectors to make interim advances out of the local funds placed at their disposal to tide over the difficulties caused in the field due to procedural delays in release of central funds.
- (d) In addition to the existing mechanism, States may also consider to set up a State level body/Society under the extant law to have branches in each district to run the DDRC (as implementing agency) effectively.

6(ii) Role of ALIMCO and National Institutes of the Department - Equipments/Training of manpower

a) Equipments required for functional DDRC

The equipment for fabrication and fitment of assistive devices related to all kind of disabilities is to be purchased as provided under the equipment head of the scheme. These equipments will range from Electric oven, workshop anvil, physiotherapy equipments, clinical audiometer, speech trainer, workshop tools and some teaching material for the MR children, office equipment including equipment needed for the UDID project. The total equipment grant will be upto Rs.20.00 lakhs per DDRC in the first year only and further revision if any may be considered after 5 years. Details of equipments are listed at **Annexure IV**.

These equipments may be procured from the Artificial Limbs Manufacturing Corporation of India (ALIMCO), Lucknow Road, Kanpur – a central public sector enterprise under the Department. In case if ALIMCO is not in a position to procure/provide, the procurement of equipment may be done by the

Implementing Agency under the supervision of the DMT as per procedure prescribed under provisions of General Financial Rules.

b) **Raw Materials for fabrication of aids & assistive devices as well as prescribed appliances – for persons with disabilities**

The assistive devices and the material for fabrication of aids and appliances shall be supplied under the ADIP scheme of the Department.

The DDRC should annually submit the proposals to the State Govt./UTs in the prescribed proforma along with utilization certificate, audited statement of expenditure, list of beneficiaries, details of aids and *appliances procured, or distributed among persons with disabilities* and calendar of activities through District Collector for availing grants under this scheme.

(iii). **Role of National Institutes /Composite Regional Centres (as per states allocated to them)**

(i) Training to Manpower of DDRCs, State Social Welfare department officials dealing with disability in Coordination with State Govt/District authorities/DDRC

(ii) National Institutes to draw annual training calendar with course module and submit the same to the Department for approval.

(iii) The staff of the Implementing Agency of DDRCs will be provided orientation and training though National Institutes (NIs) for capacity building so as to enable them to initiate activities as per the approved action plan.

(iv) National Institutes shall undertake the following training programmes in coordination with State /District / DDRC authorities:

- One day workshop of District collectors & State govt. officials –
Sensitization to disabilities issues, *Main Provisions of PWD Act*, DDRC scheme and effective delivery through them, sharing of *best practices*.
- 3 day training for Nodal officers of Implementing agency & Social welfare officers –
DDRC Scheme, processing of proposals under ADIP, DDRS etc, maintenance of accounts and other records, facilities, concessions & Schemes for *Persons with Disabilities* & and important referral addresses
- Up to 15 days *in-service* training for technical and professional manpower in DDRCs – focus especially on early intervention and follow up, New techniques of treatment & rehabilitation
- Special courses for *in-service* training – Courses which include bridge courses for under-qualified manpower of DDRCs- for 6 months to 1 year sandwich programmes
 - Workshop on Communication skills and preparation of educative material

- Repairs & maintenance of aids & appliances for Technical staff, multipurpose workers
- Exposure visits to Composite Regional Centres (CRC)/ National Institutes and DDRC doing excellent work.

The training programmes would range from one to three day sensitization workshops to one week to 15 days refresher training to 1 year sandwich courses for improving the skills of under qualified manpower in DDRCs, while the participants could vary from Senior Govt. officials like Secretary/Directors/District Collectors to District welfare officers/nodal officer to professionals and other manpower deployed in DDRCs.

The cost for training of manpower of DDRC would broadly be based as follow.

Travel, boarding lodging expenditure in respect of DDRC manpower deputed for training will be met from the contingency head of the grant in aid released to DDRC under SIPDA scheme while the training cost will be met by the concerned National Institutes.

Within the broad framework of the DDRC Scheme, DDRCs run by NGOs as implementing agency shall be free in the matter of manpower selection as per the provision of the scheme under the overall supervision of the District Management Team. In addition, minor modification in the conditions prescribed under the Scheme is also permissible in consultation with the Department to increase State ownership, effective functioning and streamlining the processing of grants-in-aid to DDRCs under State/District authorities.)

7. Action plan of DDRCs

(i) Action plan of DDRCs should broadly be as follows

- Survey of the *PwDs* and their needs in the districts-10-15 villages per month
- Assessment camps at HQ/at Civil hospital once every week;
- Assessment cum distribution camps at block at periodical intervals
- Awareness generation activities like visits to school/awareness camp in villages for various target groups/training programme of grass root level functionaries at periodical intervals
- Follow up camps in villages/blocks at periodical intervals

7(i) Survey of persons with disabilities

For initial planning, the details of district data on disabilities, if available, could be transferred to DDRCs viz data could be available with anganwadi workers/other grassroots level workers *like ASHA* about the disabled persons in each village. The implementing agency should use its discretion in selecting the best possible arrangement for collection of data.

(ii) Assessment/Fitment/Follow-up and repair of assistive devices

Assessment/Fitment

Actual fitment of assistive devices would be one of the major activities of District Centre. A blend of camp approach and institutional approach should be used in fitment of assistive devices. The expenditure on materials/assistive devices should be met out of ADIP Scheme. The implementing agency would be responsible for *making* adequate arrangements and following proper procedure in account keeping, as per the ADIP Scheme. Following points may be noted for its implementation:

- The implementing agency *must* ensure precise assessment on the requirement of assistive devices;
- While the implementing agency provides the technical inputs, the organizational and logistics
- All persons with disabilities should be assessed on the number and type of assistive devices required.
- Assessment may be done both on continuous basis through District Disability Rehabilitation Centre and at discreet points of time through the camp approach.
- This should be done in collaboration with Anganwadi Workers (AWWs), Health Workers, *Parateachers NREGA*, Panchayati Raj Institutions, Local NGOs and other grass-root level functionaries.
- The implementing agency must ensure through rigorous *follow-up* of persons provided with assistive devices *their proper & early repair*.
- The district centre should provide for repair services, adjustment and *follow-up* of assistive devices. A nominal charge for repair of assistive devices should be charged, which can be different for different devices and types of repair.
- Persons with disabilities, who are provided assistive devices, should be categorically informed of the follow up/repair/training services available at the district centres.
- PWDs may also be provided training for effective & correct use of assistive devices and therapeutic services. They may also be given instructions in local language in the form of a pamphlet having sketches/pictures for use and upkeep of the device(s).

(iii). Promotion of Prevention

Prevention has been promoted through various National Health Programmes like programmes of Prevention of Blindness, Leprosy etc. as well as various *Routine* Immunization programmes like Pulse Polio etc. The orientation of these programmes needs to focus not only on prevention of mortality, but also on disability. The District Centres, therefore, need to modify the information dissemination on prevention to emphasize the linkage between Health Programmes & Schemes and prevention of disability.

Lack of appropriate nutrition is also known to be a major factor causing disability. Studies indicate that iodine deficiency impairs brain development significantly. Various

micronutrient deficiencies account for a large percentage of low birth weight in babies in India. The inadequate gestational weight gain is associated with poor mental and mortal development of surviving infants. Malnutrition during infancy and early childhood is believed to have adverse affects on both physical growth and intellectual performance in later life. Vitamin A deficiency is a major cause of blindness among children.

Another important aspect of prevention of disability that needs to be disseminated through the District Centre is environmental sanitation and hygienic living conditions. For example, polluted water can cause growth of poliovirus leading to poliomyelitis resulting in flaccid paralysis. Similarly, unclean water causes Rota virus infection which results in diarrhea. Diarrhea is known to cause growth retardation. Flaccid paralysis can also be caused by insanitary conditions, which propagate the growth of poliomyelitis. Insanitary conditions are known to cause trachoma in eyes which can lead to blindness. Even leprosy can be caused by unsanitary conditions. Unhealthy and unhygienic food has been found to be cause of poliomyelitis. *Thus, DDRCs need to synergize the inputs of Total Sanitation Campaign, Nirmal Gram & other such Central & State Programmes and Schemes on Sanitation with Prevention of Disability particularly School Sanitation Programmes.*

The District Centres need to collect and collate the information relating to different aspects of prevention of disabilities and disseminate information in the most suitable form and mode, depending on local conditions.

The District Centres should, therefore, promote prevention by doing following:

- Converge the activities of AWWs, Health Workers, NGOs in promoting prevention;
- Distribute and publicize the information available with the implementing agencies on prevention and early intervention in local language. The material available with DRCs/National Institutes may be compiled/prepared within two months of launching of the Scheme.
- The implementing agency may undertake orientation of the grassroots level workers including ICDS workers, Health Workers, CBRWs with a focus on identification, prevention and early detection.
- The District Disability Rehabilitation Centre set up and functioning in the areas having high incidence of Japanese Encephalitis (JE)/Acute Encephalitis (AES) must have Multiple Disability Component from the National Institute for Empowerment of Persons with Multiple Disabilities, M/o Social Justice & Empowerment, East Road, Mullukadu, Kancheepuram, Tamil Nadu.

(iv) **Early Intervention**

Early identification of disabilities and early intervention is very important for avoiding secondary disabilities and ensuring successful integration of children with disabilities *with other children at all levels*. Hence each DDRC must set up an early intervention unit. Parents of children with disabilities must be encouraged to visit these. In addition,

low cost intervention using locally available material should be suggested to them for continuing the intervention at place of their residence.

(v) **Barrier Free Environment**

- Provision of barrier free environment is the second important compliment of assistive devices for providing accessibility to persons with disabilities;
- All new buildings, especially public sector and public utility e.g. schools and hostels, Panchayat and other Govt. buildings, hospitals, markets, bus stands, parks, public toilets are to be made barrier free, as per the standard bye-laws circulated by Ministry of Urban Affairs and Employment.
- The basic responsibility should be of the local governments.
- Public buildings like Collectorate, District hospital, local bus stand, colleges and schools should be converted into barrier free, to begin with.
- The financial support for Conversion of the buildings into barrier free may be met out of local government funds and/or MPLADS.
- *District Centres must be able to provide technical support to implementing agencies.*

(vi). **Promoting Education/Vocational Training/Placement**

Education, training and employment are important components of rehabilitation.

- The implementing agency should organize orientation-training programme for teachers/communities/families.
- They may also provide information on suitable vocations, possible job placements and other facilities like soft credit through NHFDC, vocational training through VRCs etc.
- At least one orientation programme of 3 days to a week should be held once in 6 months.

Annexure I

Disabilities under the Rights of Persons with Disabilities Act, 2016:

1. Physical disability.—

A. Locomotor disability (a person's inability to execute distinctive activities associated with movement of self and objects resulting from affliction of musculoskeletal or nervous system or both), including—

- (a) "**leprosy cured person**" means a person who has been cured of leprosy but is suffering from—
 - (i) loss of sensation in hands or feet as well as loss of sensation and paresis in the eye and eye-lid but with no manifest deformity;
 - (ii) manifest deformity and paresis but having sufficient mobility in their hands and feet to enable them to engage in normal economic activity;
 - (iii) extreme physical deformity as well as advanced age which prevents him/her from undertaking any gainful occupation, and the expression "leprosy cured" shall construed accordingly;
- (b) "**cerebral palsy**" means a Group of non-progressive neurological condition affecting body movements and muscle coordination, caused by damage to one or more specific areas of the brain, usually occurring before, during or shortly after birth;
- (c) "**dwarfism**" means a medical or genetic condition resulting in an adult height of 4 feet 10 inches (147 centimeters) or less;
- (d) "**muscular dystrophy**" means a group of hereditary genetic muscle disease that weakens the muscles that move the human body and persons with multiple dystrophy have incorrect and missing information in their genes, which prevents them from making the proteins they need for healthy muscles. It is characterised by progressive skeletal muscle weakness, defects in muscle proteins, and the death of muscle cells and tissue;
- (e) "**acid attack victims**" means a person disfigured due to violent assaults by throwing of acid or similar corrosive substance.

B. Visual impairment—

- (a) "**blindness**" means a condition where a person has any of the following conditions, after best correction—
 - (i) total absence of sight; or

- (ii) visual acuity less than 3/60 or less than 10/200 (Snellen) in the better eye with best possible correction; or
 - (iii) limitation of the field of vision subtending an angle of less than 10 degree.
- (b) "low-vision" means a condition where a person has any of the following conditions, namely:—
- (i) visual acuity not exceeding 6/18 or less than 20/60 upto 3/60 or upto 10/200 (Snellen) in the better eye with best possible corrections; or
 - (ii) limitation of the field of vision subtending an angle of less than 40 degree up to 10 degree.

C. Hearing impairment—

- (a) "deaf" means persons having 70 DB hearing loss in speech frequencies in both ears;
- (b) "hard of hearing" means person having 60 DB to 70 DB hearing loss in speech frequencies in both ears;

D. "speech and language disability" means a permanent disability arising out of conditions such as laryngectomy or aphasia affecting one or more components of speech and language due to organic or neurological causes.

2. Intellectual disability, a condition characterised by significant limitation both in intellectual functioning (reasoning, learning, problem solving) and in adaptive behavior which covers a range of every day, social and practical skills, including—

- (a) "specific learning disabilities" means a heterogeneous group of conditions wherein there is a deficit in processing language, spoken or written, that may manifest itself as a difficulty to comprehend, speak, read, write, spell, or to do mathematical calculations and includes such conditions as perceptual disabilities, dyslexia, dysgraphia, dyscalculia, dyspraxia and developmental aphasia;
- (b) "autism spectrum disorder" means a neuro-developmental condition typically appearing in the first three years of life that significantly affects a person's ability to communicate, understand relationships and relate to others, and is frequently associated with unusual or stereotypical rituals or behaviours.

3. Mental behaviour,—

"mental illness" means a substantial disorder of thinking, mood, perception, orientation or memory that grossly impairs judgment, behaviour, capacity to recognize reality or ability to meet the ordinary demands of life, but does not include retardation which is a condition of arrested or incomplete development of mind of a person, specially characterised by sub-normality of intelligence.

4. Disability caused due to—

(a) chronic neurological conditions, such as—

- (i) "**multiple sclerosis**" means an inflammatory, nervous system disease in which the myelin sheaths around the axons of nerve cells of the brain and spinal cord are damaged, leading to demyelination and affecting the ability of nerve cells in the brain and spinal cord to communicate with each other;
- (ii) "**parkinson's disease**" means a progressive disease of the nervous system marked by tremor, muscular rigidity, and slow, imprecise movement, chiefly affecting middle-aged and elderly people associated with degeneration of the basal ganglia of the brain and a deficiency of the neurotransmitter dopamine.

(c) Blood disorder—

- (i) "**haemophilia**" means an inheritable disease, usually affecting only male but transmitted by women to their male children, characterised by loss or impairment of the normal clotting ability of blood so that a minor wound may result in fatal bleeding;
- (ii) "**thalassemia**" means a group of inherited disorders characterised by reduced or absent amounts of haemoglobin.
- (iii) "**sickle cell disease**" means a hemolytic disorder characterised by chronic anemia, painful events, and various complications due to associated tissue and organ damage; "hemolytic" refers to the destruction of the cell membrane of red blood cells resulting in the release of hemoglobin.

5. Multiple Disabilities (more than one of the above specified disabilities) including deaf blindness which means a condition in which a person may have combination of hearing and visual impairments causing severe communication, developmental, and educational problems.

6. Any other category as may be notified by the Central Government.
